and I think if they don't ban all the
crime and sex on T.V. why should
they ban hard and cold facts about
abortion. I am all for the abortion
ads. Let the public see the truth

~~EX PARTE OR LATER FILED~~

Thank you.

Dear Sir.

92-254
I understand the FCC is in the
process of regulating political ads.
I feel they should be left as is.
The public has a right to know any-
thing about a candidate that he or she
wishes to? Their opponent can kind.
Sometimes this is the only way we
see ~~THE CANDIDATE~~. Sincerely
! ~~THE CANDIDATE~~

OFFICE OF SECRETARY:

Please, I ask you, not to consider Banning T.V. Ads which depict actual abortions. American men & women, especially women, need to know the truth about Abortion, and the dangers therein.

I'm afraid so much is withheld from the American public on this issue and I feel educating the American people as to its dangers, and there are many may cause a woman considering abortion to RE-CONSIDER. I COMMAND YOU FOR ~~ALL~~ Broadcasts, and ~~HURRY~~ encourage it! Sincerely, Steve Semisal

I would like Candidates to be able to show ACTUAL footage or films which clearly show how horrible Abortion is.

We as Americans have the right to write on behalf of our Candidates in Public Office to be able to have Ads on ABORTION to continue to be seen on Television/hear on the radio AND seen in Magazines.

MR. SECRETARY: Please Allow the showing of Abortion to continue to be shown.

Sincerely,
Ms. Marker

To whom it may concern:
The pictures allowed to be shown
on ads & abortion, they are disturbing - but
so is it that abortions are even legal!
Our society need to see these pictures
so they have a clear understanding of the
horror - this justice - a human being that is
being done with abortions. We should be
allowed to air these pictures over your ads
as company's own. Thank you.

I am writing to ask you not
to ban Pro-life ads. If you
do this turned the Considell

efforts to ban these ads. People
must know the truth about
what is being done to unborn
children

OFFICE OF THE SECRETARY

I am writing ~~to you~~ that the truth about abortion should be shown in television commercials. The truth needs to be known whether or not it is unpleasant to some, there needs to be a stop to unnecessary innocent bloodshed in our country we will surely bring a curse upon us.

MR. Secretary:

My opinion regarding the use of graphic depictions of abortion by candidates for public office:

92-254

I WANT candidates to be able to use ads that depict abortions. We women NEED to have the RIGHT to know just exactly what happens to a baby during abortion in order to make our own decisions. Not showing these is tantamount to violating women's RIGHTS.

I feel the candidate, should be able to the horrors that happen every day in this country by abortion.

Candidates, should be able to show the ads on abortion which are explicit. How else can the truth be shown except to allow that it be shown.
